Natural Law is a "Lost" Science, one that constitutes the most deeply hidden knowledge on Earth. Natural Law directly affects the quality of every area of our lives, whether we know it or not. These Universal Spiritual Laws of Consciousness comprise a Master Key, which can unlock all the chains that hold Humanity in a state of self-inflicted suffering. Sadly, throughout human history, a small minority has withheld this empowering information from the masses of people, in order to maintain a power-advantage over them. The workings of Natural Law have been deliberately hidden from us so that we may be more easily controlled. But now, these Spiritual Truths are being exploded onto the world in a practical and easy-to-grasp way. That Which Has Been Kept Secret, in order to keep us in the Dark, is now being brought into the Light for all to see, hear, understand, and apply in their lives. If we learn the lessons of Natural Law, we can empower ourselves like never before, and in doing so, we can give birth to a new way of Life – one that is based in Truth, Love, and Freedom.
